Dear Jim,

In the interest of expediting the closure of JM-1930, I am enclosing the following documents.

- a. 6 copies of proposed Amendment 1 to incorporate 1962 final negotiated overhead rates and provide overrun dollars resulting from these rates.
- b. 1 copy of Headquarters, AFSC, SCPF letter establishing 1962 rates together with HAC letter of acceptance dated 28 August 1964.
- c. 4 copies of Certificate of Disposition of Government Property.
(Original and 1 copy previously forwarded without benefit of transmittal; two copies mailed direct to STATINTL
- d. 1 original Certification on Completion of Contractual Requirements.
- e. 1 original of Certification on Patent Compliance and Royalties.
- f. 1 original of Contractor's Release.
- g. 1 original of Refunds, Rebates and Credits.
- h. 6 copies of DD250 covering delivery of final report to Rus' Shop together with signed receipts acknowledging delivery.

With the exception of (c) and (h) above none of the other documents are signed or dated since the date of certain documents should precede others (i.e. (a) prior to (f)). Please review the package and advise me if additional certificates are required. Also, which documents other than (a) require corporate officer's signature in lieu of mine and number of signed copies required.

If the package is acceptable, please return those items requiring signature and I will obtain same and return together with a final invoice.

Régards,

Pete
